Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>I 100% object to this development.</p> <p>This proposed development of 350 new homes could potentially put 700 more cars/vehicles onto our local roads. The local parade of shops adjacent to the development is the busiest area in Meopham, this area has the highest amount of foot traffic in the village and has already had multiple serious accidents along this stretch of road.</p> <p>The development will have a huge visual impact on the adjacent conservation area. We should be protecting our local green areas for future generations rather than destroying them with hideous new developments.</p> <p>The land is currently farmland and has been for many years helping towards food production and again should we be destroying this land? No</p> <p>This proposed development is extremely close to Meopham community academy and will impact the safety of my children who attend along with the rest of the local pupils. Should we be creating a development that will put our children in danger? No</p>

Kind regards
