Reasons for comment:	
Comments:	<p>I 100% object to this delopment.</p> <p>The land for this proposed development is green countryside/farmland which provides towards food production and if we are constantly building on our farmland this will increase food imports. We should be keeping this in house for our own econonomy.</p> <p>This proposed development will be an eyesoar for local residents who have purchased their properties due to this beautiful rural location. The lovely views residents have chosen to live by will be ruined by a hideous new build development.</p> <p>The access in and out of the development will be extremely dangerous for drivers and pedestrians as its located on a tiny rural lane. The lane is already busy and very narrow in places without the potential increase of 300 more cars.</p> <p>I fear for the safety of my family and the local residents already using these roads and this developmant is only going to make it more dangerous.</p> <p>We should be doing everything to protect Meopham village not increasing its population, traffic volume and ruining its beautiful views and open green spaces.</p>

Kind regards
