Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The impact on infrastructure will be huge, A227 clogs very easily. Not enough doctors surgery places available as it is, councils should NOT approve planning for more housing without providing the necessary availability for public access to schools, gp surgeries, dentists, emergency hospital services. Darent valley hospital is already over full capacity due to tens of thousands of homes being built along the A2 corridor in recent years. The villages of Vigo, Culverstone green and Meopham do not have a reliable bus service that is adequate for people's needs as it is. Adding 100's of new homes to a village environment will just clog roads, services and cause a negative impact on all the residents.

Kind regards
