Reasons for comment:	
Comments:	Object in the strongest possible terms!!!.. this is a village not a town the doctors surgery and schools can't cope with the people that already live here. The increase in traffic to an already extremely busy A road would cause a significant increase in danger and delays in both mornings and afternoons with parents getting their children to school. How can you go ahead and build so many new homes when there are no extra schools, doctors etc? I've lived here for nearly 40 years. People live here because they want to live in a rural location not in a town. On top of all that surely fields are greenbelt land? If their classification has been changed surely local residents should've been consulted! Meopham just does not have the facilities to cope with such a large influx of people.

Kind regards
