Reasons for comment:

Comments: This letter come through our post about number 19 becoming a child care home. We are very concerned and we object it to be a residential care home. If I want to sell in the future, nobody will want to buy it because they do not want to live next to a care home. They will want it to be a quiet residential area.

We work from home and there are a lot of other people working from home on the street and it will disrupt with all the noise going on at 19 The Fairway. Sleeping is important is necessary during the night as well all have jobs to go on the street. Having it as a care home is not the way to go about things as a fire safety is a critical concern because there are high percentage of fires that happen in the care homes. It is not safe at all. This will bring increased traffic and less parking spaces on the road.

We don't want it to became like a refugee home where all sorts of children come here as migration is already is an all-time high. The owner will only care about money, as long as he gets his pockets filled, he will not care what happens here as he will not be living here. This will increase crime rates on the streets and we could fear for our houses. Care homes should be built in an area away from something like this. It should have its own separate space where you are not putting everyone in danger.

[REDACTED] therefore with any noise, he panics and gets anxiety around the surroundings. This is a sort after and quiet residential area and we don't require any unnecessary issues in the area.

The owner of 19 The Fairway has not done a party wall agreement [REDACTED]. He has built right over [REDACTED] side of the loft/roof. He should have an agreement in place before he started building up there. [REDACTED] a party wall agreement should be in place but he said you guys can build right to the end as well.

Kind regards
