Reasons for comment:

Comments: I live at the other end of The Fairway at number [REDACTED]. This is the end with no driveways. This causes a lot of problems down this end as everyone who cannot park comes down this end to park. It can be very busy and I have a number of times over the years I've lived here, had family and friends who visit had to park in the surrounding roads as it's so busy they could not get parked on The Fairway. I sometimes use the back alley way and it's a very dangerous coming out of the alley way on to The Fairway because cars are parked so close to the very small entrance that you cannot see any traffic coming up and down the road and to manoeuvre your car out of the ally takes a few turns as cars have parked too close to be able to get out. I have even had to change the direction I've actually wanted to go as I cannot get out. The vans and cars are so big these days that they block all the views for a safe exit from the alley way. If this Children Home is allowed it will make the end of The Fairway even worse for parking. It is not a safe place to drive on to from the alley way as it is. This street is not the place to add addition cars too.

---

Kind regards
