Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I cannot believe that the council kept wanting to build hundreds/ thousand of homes In a small rural village especially social housing as there is no local work or regular bus service, no buses at all on a Sunday. Even though there social housing there will be an increase of about 1000 cars added to the local roads. The traffic on Wrotham Road on weekdays is very busy from either traffic passing through to cut across frome A2 to M20 and visa versa. School runs especially, with 0.8 mile queue due to school traffic a d parking on the main road. Our local doctors is already busting at the seems, cannot park at local shops. The main road will be more dangerous for school children to cross. Farm fields need to be kepted to feed the ever growing population. The world is in bad place and shipping food into the UK is not only rising our CO2 emissions but could make food shortages due ro blockage of shipping. The British wildlife in this area is needs to be looked after as it will all soon disappear. STOP BUILDING ON GREEN BELT!
