

16.10.24 .

Dear Sir,

Planning Application No. 20231258

Winery, Gold Street, Cobham.

I object to the above proposed winery building mainly on traffic/access grounds.

I use Henley St/Gold Street on most days and Gold St. is narrow, particularly at the blind bend at Heven Cottage, with only small passing places. Whilst this is manageable when meeting small vans such as Ocado, Tesco etc, passing larger vehicles will be very difficult, especially at said bend.

The winery building itself seems very obtrusive whereas the new Silverhand Vineyard at Brookes Farm Yard, opposite [redacted] house,

is in a valley fold in the surrounding area and has not needed a new additional building, everything being contained within the existing farm yard.
