Comments Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: This Application should should not be granted. The area is not far from residential housing. The roads are very narrow and two cars have difficulty passing each other.

There have already be cases where cars have had to reverse long distances and out in Wrotham Road which has a speed limit of 50 miles per hour. This alone should be enough to to reject this application as this would be an accident waiting to happen.

The area around the site is totally unsuitable for this many large Vehicles. The lanes are narrow and only one vehicle at a time can pass. Usually this is going to be the car car driver.

For these reasons the application should be rejected.

Kind regards
