Comments:	From what I've heard this land is supposed to be greenbelt land. We're supposed to be protecting nature not destroying it. Anyone that ive spoken to in the area all disagree with this complex being built. The traffic through the village is already bad enough at peak times let alone what to would be like the 100s more house holds. Theres not enough hospitals around this area to cope.with the vast amount of people that this will bring. If this goes ahead then you will be ruining a quaint community who appreciate nature.

Kind regards
