Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object to the proposal. The roads locally are not suitable for a development of this size. Already there are too many cars using the surrounding country lanes as cut throughs and short cuts and this proposed development will make things worse. I object to the proposal on the basis of the unsuitability of the local roads. I object also because I feel that this development would merge the two villages of Cobham and Sole Street, thus destroying their individual characters as villages. I object as I am concerned about the infrastructure (water). Already this year we have not had a week without local roads being shut for water main repairs. I am concerned that a new development would make the current situation worse.

Kind regards
