Why do you consider that a Lawful Development Certificate should be granted for this proposal?

(g) for a dwellinghouse not on article 2(3) land nor on a site of special scientific interest, the enlarged part of the dwellinghouse would have a single storey and -

extend beyond the rear wall of the original dwellinghouse by more than 8 metres in the case of a detached dwellinghouse, or 6 metres in the case of any other dwellinghouse, or

(ii) exceed 4 metres in height

A single-storey extension to a house which is not on article 2(3) land or on a site of special scientific interest can be larger than allowed under paragraph (f) above, but it must not extend beyond the rear of the original house by more than 8 metres if a detached house, or by more than 6 metres in any other case. In both cases, the total height of the extension must not be more than 4 metres. The rear wall or walls of a house will be those which are directly opposite the front of the house.

These larger single-storey extensions, extending beyond the rear of the original house by more than 4 metres and less than 8 metres if a detached house, or by more than 3 metres and less than 6 metres in any other case, are subject to a neighbour consultation scheme to assess the impact of the proposed development on the amenity of their property. The requirements of the neighbour consultation scheme are set out in paragraph A.4 of Class A.

The Householder has notified the local planning authority about the proposed extension and the local planning authority has given adjoining neighbours notice of the proposals and the opportunity to object. The local planning authority has notified the householder that no prior approval is required.
