Stance:	Customer made comments in support of the Planning Application

Reasons for comment:

Comments:	I am writing to express my full support for the planning application submitted by my neighbour, regarding the proposed construction of a gym building and summer house at Furzy Lea, Bowesden Lane, Shorne, Gravesend, Kent DA12 3LA Having lived in the area for a few years, I have always found [REDACTED] neighbour to be a considerate and thoughtful member of the community. The proposed additions to their property are both tasteful and appropriate for the character of the area. The plans they have shared show a well-designed and unobtrusive structure that will have no adverse impact on neighbouring properties or the local environment. Unfortunately, I am aware that a small number of objections have been raised, which I believe are not representative of the broader sentiment in the neighbourhood. In my view, these objections are unfounded and appear to be motivated more by personal grievance than genuine planning concerns, this has been seen over the years in the neighbourhood group chat where these particular individuals have tried to influence their personal agenda to other neighbours which in my opinion is totally unacceptable. I believe the proposed gym and summer house will not only enhance the property and the enjoyment of their home but will also positively contribute to the quality and character of the close. I urge the council to consider the merits of the application fairly and not allow unfounded opposition to outweigh the benefits of this modest and well-planned development. I have seen the landscaping plan and all the proposed changes which I feel support the greenbelt area of Shorne. Thank you for taking the time to consider this letter of support.
