Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The planning permission was previously refused to allow a house being built at the back of the existing property so unsure why this is being submitted again . A house will overlook directly into [REDACTED] garden blocking out light and privacy. We raised that a significantly old and protected tree has been removed to allow for this and did not receive any further information as to whether this had been agreed. The current house has been empty for many years until very recently.

Kind regards
