## Comments Details

Commenter Type: Member of the Public

Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: Dear sir I strongly object to this application. This area is a rural part of the country side which walnut tree nursery stands the access is via a narrow country lane. Which is totally unsuitable for any type of HGV vehicles. This area is residential. With a school close by. There are two horse stables very close by which riders use these lanes to hack and enjoy their horses in a safe environment. The Thought of a HGV vehicle coming towards you or from behind is likely to spook the horse which could cause the rider to come off and injure themselves.also families walk around this area with their children and dogs as I do. Plus the local area will suffer from diesel pollution coming from these vehicles which will contribute to climate damage

Kind regards
