Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: Walnut Hill is part of national cycle routes of GB & is the main route used to access the Cyclopark from New Barn & Meopham area.
I personally both walk & cycle this road weekly how will this be safe with HGV lorries using it with no passing areas.
Since the agreement of the last application the drivers of these lorries have no thought of the safety of any other road user they meet.
It is a serious accident waiting to happen, there are horses, cyclists, walkers and parents going to & fro the primary school using this lane everyday.
Walnut Hill was not built to have that many HGV lorries using it daily, there are sufficient unused business depots that this company should be using not one based in the country with no immediate access to a main road.

Kind regards
