Reasons for comment:	
Comments:	I am writing to express my support for the proposed rear extension at 12 Mallow Close. The design appears well considered and proportionate to the existing property. As a rear extension, it will have minimal visual impact on the street scene and will not detract from the character of the surrounding area. The scale and materials seem appropriate and in keeping with neighbouring properties. I do not believe the proposal will result in any significant loss of light, privacy, or outlook for adjoining properties. The extension appears to comply with relevant planning policies and would represent a modest and sympathetic improvement to the home. Overall, I consider this to be a reasonable and well-designed proposal and fully support the application.

Kind regards
