

Design and access statement

No change to access. It is a suitable response to the site as the proposal is to return the Coach House to the appearance it would have when originally built.

Site/Block Plan Proposed

Floor Plan Existing/Proposed

Exterior work and door replacement only

Heritage statement

The Coach House was built in 1891 and had fallen into serious disrepair. I am passionate about conserving its heritage and am keen to restore it as close to its original appearance as possible and use materials appropriate to the time (e.g. we have sourced imperial yellow stock bricks to replace those missing or beyond repair). It is believed that the original black paintwork was painted pink in the 1990s and it is not known when the stable door was replaced. The repair works that are being undertaken and the restoration of its façade will enable this heritage asset to survive for many decades to come and look as originally intended upon its building.
