

20250604

Dear Sir/Madam

I live close to the Cock Inn and strongly object to the proposed wine development which would be the same distance from me.

We already hear glass being moved at the pub. A full bottling plant handling 150,000 bottles a year will cause widespread noise. In addition, the access is unsafe, Gold Street is too narrow, and views from Sole Street will be harmed.

This is the wrong development in the wrong place.

Regards
