Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Whilst I understand the need for more homes I strongly object to homes being built on the green belt, although this is now called grey land we all know its green belt land. The reasons for my objection are - Damaged to and removal of local trees. The noise and pollution the construction will cause, affecting residents and wildlife. The damage to local wildlife and loss of habitat, being a green belt area there are bats and birds nesting in the area, insects and mammals also live in the fields and woods. I believe many properties along the boundary of the proposed site will lose their privacy. The roads in the area are struggling as it is with traffic and cracks have appeared in my home I believe caused by lorries using it as a cut through, building on this site is only going to increase this and possibly damage mine and others properties further. I'm also concerned that public utilities (Gas, Water, Electricity supplies and Sewers) in the area will not be able to cope with the extra load this will create, lets not forget this is one of many planning proposals being submitted in Meopham.

Kind regards
