Reasons for comment:

Comments:	<p>Local roads not adequate for the increase of potentially 300 cars plus delivery and service vehicles to and from the development.</p> <p>Dangerous access location in a small lane.</p> <p>In conjunction with other proposed developments including Lower Thames Crossing, the A227 and local roads will not be able to cope.</p> <p>The negative impact to the environment of hundreds more cars travelling on the A227 and the inevitable traffic queues.</p> <p>In conjunction with other developments local NHS, GP, and education services will be inadequate.</p> <p>Meopham train services already run at capacity at peak times and bus services are very limited and unreliable.</p> <p>Destruction of land valuable to wildlife and the countries food production.</p>
