Comments Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: The proposed extension to No.18 will impose on [REDACTED] light & driveway. Once parked people will struggle to get in and out of any vehicle.

I have 2 windows [REDACTED] side elevation and the proposed extension will cut the light to these rooms. [REDACTED] windows are not very big and any obscuring of light will be noticed.

The area directly in front of No.18 is not a parking area, this is the roadway and this area should only be used as a turning circle.
No. 18 do use the roadway to park their vehicles, which at times, when deliveries are being made etc, causing issues. If they have visitors with vehicles, often I have to request a vehicle to be moved to exit my driveway.

At the moment No.18 has two parking spaces next to the house, if this area is used to build an extension where will the designated parking be? A four bed roomed house without any parking will cause issues in the close.

Any side extension to No. 20 will cut light and will not be in keeping with the open plan look for Saunders Close. Which at present has a lovely openness to it.

Where will building materials stored?

I opposed the last planning application on the same grounds and I cannot see that this one is any different. Any side story extension, more so double height will cause harm to the living environment of my property [REDACTED]

Kind regards
