Reasons for comment:

Comments:	I would like to submit an objection to this proposal. I am concerned due to the location of this potential change of dwelling as it is located on a main road. As a resident of this road parking is a major issue as we have been advised off road parking to the front of the properties would not be granted. With a property dwelling to be changed anything other than residential with a high turn over of staff potentially attempting to park on our road, will make it near impossible for residents to park anywhere near their home. This will have a knock on effect to the whole road both sides. As a parent of young children myself I understand that there is a need for an evergrowing population of vulnerable children to be housed. However I don't believe that this road is the best place for it.
