Reasons for comment:

Comments: I write this having just been run off the road by a huge HGV travelling to Silverhand Estate. Whilst I applaud Silverhand for their business endeavours - they must make a better effort to manage their production and business activities alongside the rural community. The level of HGV traffic that seems to be as a result of the activities of Silverhand is currently extraordinary. Everyday there are huge HGVs travelling through Cuxton at School pick-up and drop off time. It is terrifying for other road users and extremely dangerous as cars regularly have to mount the pavement to allow these vehicles going to Silverhand to pass. If their expansion is to be allowed then HGV traffic must be made subject to off peak hours through the night between 8pm and 7am. If this is unsustainable for Silverhand perhaps their production should be moved elsewhere...

Kind regards
