Reasons for comment:

Comments:	I am very much against the possibility of the amount of new properties being considered at black Thorn Farm. Already the 227 is far too busy with traffic and is not wide enough for the heavy Lorrie's and buses flying along . We already have an appalling bus service and a school that is not big enough for another input of children ending up with more cars on an overloaded roads going to different schools. The doctors surgery is already understaffed and appointments strictly allocated what will happen with the huge input of new people moving in. The joy of living in a semi rural hamlet will be lost. The south east is far too over crowded already with not a good enough infrastructure to cope. Our beautiful way of life is changing beyond belief. We also know to our own cost that when planning proposals are put in to Gravesham Council and the refuse permission the people concerned just take it to Bristol and get it passed so what is the point of planning officers at Gravesend Council.
