Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I wish to object to this application because of its impact on the Parish of Cuxton and Gravesend. The only access to the applicants site is via narrow lanes between Luddesdown and Cuxton. I believe these lanes are totally unsuitable for HGV's including 6 axle vehicles which have already been using these lanes. They also seem number of vehicles has steadily increased, and are causing damage to roads and verges. I had to back a long way to enable one of these to pass.there is also problems with noise and air pollution. There is concern regarding safety of children as they have been seen during drop off and pick up times at the local schools. In the past they have disregarded planning objections and there is no reason to believe they will comply with any restrictions placed on them, This application goes against the National Planning Policy. The applicant shows complete disregard to planning controls. They are putting profit over community and national objections
