Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<p>I am writing to strongly object to the above planning application for the construction of 100 new homes at Blackthorn Farm, South Street, Meopham.</p> <p>My main concerns are as follows:</p> <ul style="list-style-type: none">1. Impact on local infrastructure - An additional 100 homes will bring a significant increase in traffic on South Street and surrounding roads, leading to congestion, higher air pollution, and extra pressure on already stretched public transport.2. Pressure on public services - The proposed development will place further strain on local schools, GP surgeries, and other essential services which are already struggling to meet current demand.3. Flood risk - Building on green/grey belt land reduces natural drainage and increases the risk of flooding on nearby roads and properties.4. Environmental damage - The development would destroy local wildlife habitats, increase noise, and erode the rural character of the area.5. Harmful precedent - Approving this scheme would set a precedent for further development on valuable green/grey belt land, permanently changing the character and landscape of our community. <p>For these reasons, I believe the site is wholly unsuitable for a development of this scale and urge the Council to refuse the application.</p> <p>[REDACTED]</p>
