Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	We object to part of this planning application, that being the additional 2 bedroom chalet bungalow. We feel this is not necessary and is over development of the area especially when we have been informed that there are plans for further development on the lawns and green space to the north of the convent. The proposed two bedroom bungalow is not in keeping with the houses in the road and is a blatant attempt to maximise development value resulting in a proposed dwelling that compromises the architecture of the existing building and is detrimental to the road as a whole. The proposed bungalow will also impact on the privacy that has been afforded to the neighbouring properties for many years, privacy being one of the main reasons why the residents of Hillside Drive chose to move to the road in the first place.

Kind regards
