Reasons for comment:

Comments:	<p>The proposed development encroaches on green belt, detracts from the views and value of my property, blights the local environment and habitat and diminishes important farmland.</p> <p>The additional population increase would not be supported by adequate infrastructure such as GPs, schools places and hospitals and roads. I understand that the developer has claimed that there is capacity at the Istead Rise and Meopham medical practices, but this has been established to be untrue as they are already at full capacity. This shows the developer in untrustworthy and cannot be relied upon to develop the site to any requirements or standards set should planning permission be granted.</p> <p>Finally, the green belt and short walking access to countryside was a key factor when buying my property and this will be ruined by the proposed development.</p>
