I wish to **object** to planning application number **20260649** for the reasons stated below:

- ① Destruction to our loved wooded area, where many species live in their natural habitat. Also amazing for walking for families who live in the area.
- ② More traffic congestion to an already congested area. Local roads including A2, Wrotham road already have mass traffic jams everyday due to the large volume of vehicles already on the road.
- ③ Increased pressure on local healthcare services as well as schools. People already struggle to get an appointment, GP staff and hospital staff are already at a critical state, without having a larger population.
- ④ Farmland destruction, crops are grown here each year and these are essential for feeding local people.
- ⑤ Very limited shopping facilities in the local area, a very small already overcrowded car park - made from 1970's.
- ⑥ No safe walking route to stations, extremely limited public transport, a car is an essential mode of transport.
- ⑦ Limited schools in the surrounding area with only very little spaces for children in the area.
