

Key

Tree categories

Category A tree
BS5837 2012

Category B tree
BS5837 2012

Category C tree
BS5837 2012

Category U tree
BS5837 2012

Root protection area (RPA)

Diameter of trunk

Tree number as recorded on Survey Schedule

Tree canopy

Coloured symbol indicating BS category as shown left

G

OR

G

Group (Group of similar trees recorded together in schedule). Colours same as BS5837 2012 categories for trees (left)

H

Hedge Colours same as BS5837 2012 categories for trees (left)

The above BS categories are judgements of quality and value based on the contribution each tree would be expected to make over a given period of time, categories A, B and C being high, moderate and low respectively. Category U represents trees that, in their current context, should be removed for sound arboricultural reasons. For exact definition of BS categories refer to notes accompanying schedule.

Note: Underlined tree number denotes tree located by eye. Locations should be checked on site and if necessary drawings amended.

Arboricultural Strategy

Tree to be retained

Colour reference in accordance with the categories defined by BS:5837

Tree group/hedge to be retained

Colour reference in accordance with the categories defined by BS:5837

Line along which Tree Protection Barrier should be installed. Refer to accompanying AIA/AMS report for specification.

Line along which temporary Tree Protection Barrier may be installed if necessary. Refer to accompanying AIA/AMS report for specification.

Area of construction to be carried out in accordance with Arboricultural Association Guidance note 12

Tree to be removed

Colour reference in accordance with the categories defined by BS:5837

Tree group/hedge to be removed

Colour reference in accordance with the categories defined by BS:5837
