

This architectural drawing shows a side elevation of a building. The structure features a gabled roof with a central ridge. The facade is composed of several rectangular windows. On the left side, there is a large, multi-paned window with a decorative frame. To its right, there is a smaller, single-paned window. Further right, there is another large, multi-paned window, similar in style to the one on the left. The building is shown with a simple line drawing style, using black outlines on a white background. The drawing is oriented horizontally, with the building's length running from left to right.
