Comments Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: This building is currently a commercial building and although it has not been occupied for some time is only occupied 9 to 5 Monday to Friday
The current rear rooms were originally wash rooms and have had an unauthorized change of use to offices
These washrooms have frosted glass and no direct vision to my windows

the current windows on the rear elevation have been hidden on the current application
the current windows have direct vision through [REDACTED] bedroom and living room forcing [REDACTED] close the curtains whenever the building is occupied commercially { 9 to 5}
a residential building would be occupied 24 hours a day 7 days a week forcing me to permanently closed curtains
Any new windows would also have direct vision 24/7 if residential use was approved

Kind regards
