Reasons for comment:

Comments:	As a local resident, I am writing in full support of the application to use the ground floor of the property as a Masjid and Madrasah. This project is not only vital for the Muslim community in Gravesham but also for the wider social cohesion of the area. The Muslim population in Gravesham has grown significantly, yet the current infrastructure is insufficient. Many members of our community, including elderly individuals and children, are forced to pray outside or travel far to access a place of worship. This is especially difficult during bad weather and can lead to serious safety and accessibility concerns. A dedicated Masjid and Madrasah will serve as an essential hub for prayer, education, and community support. It will also offer a much-needed space for youth and family activities, counselling services, and interfaith dialogue, enhancing understanding and unity across our diverse borough. This initiative aligns strongly with Gravesham Borough Council's policies on promoting inclusive, accessible, and community-led social infrastructure. It is a desperately needed facility that will uplift countless lives and contribute positively to the wellbeing of our town. I urge the council to grant this application in the interest of fairness, inclusivity, and community development. [REDACTED]
