

20251046 40 cross lane east

For the attention of Mrs Alison Hammond, I live at [REDACTED] as far as I know the only person to receive a letter was the lady at [REDACTED] I have spoken to several people in cross lane and most of them hadn't any idea of the building plans, I have since seen a notice on a lamp post but this is in Central avenue, as most of the people who live in cross lane park in cross lane they wouldn't have seen it, also if there are going to be 9 bedrooms this doesn't tell us how many people, also if these people have cars where are they going to park? The area is already congested and we regularly have cars block access to garages [REDACTED]
