Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: I wish to formally object to the proposed variation of condition 15 for the Nelson Road sport ground extending floodlight hours until 10 pm on on weekdays and Saturdays will cause significant disturbance to nearby residence including noise and light pollution especially during the late evenings the current cut-off times already impact the community as kids struggle to sleep noise and further extension is unacceptable. I urge the council to reject this amendment to protect residence quality of life as the current hours are also too long and maybe think about reducing the current hours to 6 o'clock.

Kind regards
