Reasons for comment:

Comments: Our area is in desperate need of these homes, all children in need of these homes get taken away from our area because there are no such homes locally. No impact would be on parking since there is no parking on the street. As per my legal knowledge, the proposal would meet the criteria of the use class order C3(b) and should be allowed for the benefit of the local area and the ones in need. Upon checking on the company of the planning application I found on the website (of Netpex Ltd) that they are an Ofsted-regulated health provider which would ensure that all health and safety measures are met. This application is definitely lawful and please don't listen to all selfish neighbors making negative comments without taking into consideration the truth and the needs of our local area.

Kind regards
