| Comments: | <p>This is an inappropriate use of valuable green belt land. A development of this scale in conjunction with the other inappropriate proposals in the vicinity will grossly overload an infrastructure that is already unable to cope with the current population. The A227 already needs the Meopham bypass proposed back in the 60s! The drains do not handle the existing requirements, these and other public facilities would require large investment before any further development can be entertained.</p> |

Kind regards
