Reasons for comment:

Comments: My opinion of this application has not changed since the previous one in October 2022 (Planning Application 20221083), and April 2022 (Planning Application 20220351), and remain as per the below:

If the proposed extension is to allow more residents, I object on the grounds there is a lot of household rubbish, sometimes large appliances, accumulating in the alleyway adjacent to the property, presumably from the residents at the address in question.

It is a health and safety issue, as well as making the area look messy, and would appear has not been addressed or resolved in the four years since the previous applications.

I feel extending the property to allow more residents will exacerbate the issue.

Kind regards
