Reasons for comment:

Comments:	I urge the planning committee to consider the substantial community backing and the potential benefits of this proposal. Approving this application would not only restore a disused building but also foster a stronger, more connected Gravesend. Al-Haqq Academy's proposal to transform this space into a centre for education, worship, and community engagement offers a valuable opportunity to bring life back to the area while serving the needs of local residents. The social infrastructure of Peacock Street and surrounding areas is only enhanced by the addition of Al Haqq Academy - in my experience as a police officer I have seen first hand the negative effects of public houses on the community with erratic behaviour falling into the early hours. Many complaints come from local residents and this is clear example as to how public houses are having a negative impact on social infrastructure. The proposed use is an excellent scheme to transform the building into a community centric centre focussed on improving the lives of local residents.
