Reasons for comment:

Comments:	I support this application and I am looking forward to using the services. The location is excellent and very easily accessible within walking distance from my house. The area has tens of houses with Muslim residents who will be able to use the location. I have seen some comments saying there is no parking which is absurd. There are several car parks within walking distance of the location and the building is easily accessible. The council should fully support this application as it will improve the community services and make Gravesham a better place to live. I am quite baffled that the first application was rejected and I believe minority faiths need to be better protected in this current climate! There are 0 negatives to this application, it is self funded, and only adds to the services for youth, elderly, muslims and non-muslims. They are trying to do charitable works and this should be supported!
