Reasons for comment:

Comments:	I have been deeply disturbed by the negativity surrounding this application. I have lived in Gravesend for decades and appreciate the multi-cultural society we live in. The council must support this application and minority faiths. There are over three thousand muslims in Gravesham alone and the council need to acknowledge this and service them appropriately. This project is much needed and will add to the social infrastructure of Gravesham. Frankly I do not understand why it was rejected in the first place and it's quite clear that the minor excuses that were made by the council in the first occasion were baseless and the second application has clearly outlined the benefits of this scheme and how it fits into Gravesham's ethos. Local amenity will only be improved and the application fully complies with local and national development plan adopted policy. I know many other muslim families who feel the same way and I am urging the council to think positively.
