Reasons for comment:

Comments:	I strongly hope the planning department recognises the wider social and economic benefits this project offers and approves the application. It has the potential to make a real, positive difference to our community. It is my understanding that the proposed plan has carefully considered matters such as parking, noise levels, and accessibility. If managed properly-as the applicants seem committed to-this project should blend well with the surrounding area. There is a growing local Muslim population in need of accessible space for prayer and community activities. A mosque at this location would meet a real and existing demand, particularly for those who cannot travel far for religious services. I urge Gravesham Council to approve this application.
