Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	This new housing will significantly impact the environment, the farmers fields have an abundance of wildlife they bring joy to our families everyday lives. Building and destroying these fields will mean wildlife loss of habitat, we have rare birds, rare butterflies, crickets and some amazing badgers, this will destroy our ecosystems, biodiversity and long term damage. Also houses will cause an already overloaded water pollution, electrical overload, increased carbon emissions. Noise pollution from construction and the increase in housing and population. Increased waste, increased vehicles on tired roads. Build on the many brownfield sites in Gravesend, not our lovely village please.

Kind regards
