Reasons for comment:

Comments:	<p>Electricity supply to my house has failed eight times this year at a massive inconvenience - the village supply is not capable of supporting any more houses. Driving to work along the Wrotham Road is already unnecessarily delayed - adding more traffic, vans, building trucks etc will no doubt make it notoriously hard.</p> <p>The A227 is already being used as a cut through for many vehicles - this will completely exasperate the situation.</p> <p>The train into work is already completely inadequate - coming back via Swanley I would consider dangerous with the volumes of people.</p> <p>I cannot get a doctors appointment easily - this will put a huge strain on facilities that are already extremely busy.</p> <p>Parking at the local shops is already so busy that I can't imagine adding literally hundreds more people.</p> <p>There is no easy access to build - this will cause excessive traffic, pollution and difficulty for many months.</p>
