Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>Norwood Lane is narrow and in an extremely poor state. There is no way it could cope with the increase in the number of cars that the proposed development would create. Green Lane is narrow between the top of Norwood Lane and the A227 and could not cope with the traffic. Already 2 modern cars cannot pass each other comfortably which would create gridlocks backing onto the main road. If the other developments in the area were also there this area would be a complete nightmare. It is all very well commenting on one development but it has to be viewed alongside the others.</p> <p>Meopham Medical Centre is overstretched now and would not cope with more people.</p>

Kind regards
