Comments:

This site is in our Local Plan as Greenbelt designed to maintain the distinctiveness of rural and urban areas - to stop urban sprawl.

Meopham will loose it's open character and unique historic features

The loss of Agricultural Land is not good sustainable practice; we need food security.

Our local infrastructure is struggling, not just the obvious ones like Hospitals and GP's, but Secondary Schools and FE provision. Our GP surgery is struggling now with the volume of patients and ICB cutting funds to local home visiting service will put more strain on on tge surgery. The hospitals will not cope with their funding being cut, no recruitment for newly qualified nurses how will patients get better care now its going to be impossible with more people moving to the village and same with secondary schools, how can you add more children to the school when already full.

Increases in traffic will impact on vulnerable students at Helen Allison School and Meopham Primary School. It had already taken my son over an hour to get to Helen allison this week because of traffic which is normally a 10min journey. Due to his autism was very stressful for him as he knows he has time be as school on time. This will only get worse and then will start making an impact on education.

The A227 is at capacity, as I have said traffic is very busy with 3 schools in the village. When a2 is busy alot more traffic comes through the village

The site opposite Camer Parade has a proposed entrance between Green Lane and the Parade; this is dangerous; poor sight lines and existing safety issues.

Kind regards
