Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I strongly object to the latest application:- The siting of this proposed barn is at the highest point of the applicants' field and would be visible from Gold Street. Greenlands and Sole Street. We live in a historical area of outstanding natural beauty and we need to preserve it's beauty and protect our land. This industrial sized barn would be a major change in the character of the area, compared to another location, which would be away from residential view and have a lesser impact on the AONB. The disturbance from the noise of this proposed bottling plant will be heard for miles around, not to mention those who currently reside in close proximity to the proposed site, the tranquil environment will be destroyed for us and our village forever. The increase in traffic accessing the site would be hazardous for, not only Sole Street, but the single carriage way along Gold Street. This is already a very narrow road, which cannot accommodate HGV's, so why is access being considered for this development? This road is also frequently used by cyclists, horse riders and ramblers, having further traffic (of sizeable proportions) would have an impact on these road users.
