Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments: I strongly oppose this application on the grounds of light pollution affecting mine and my neighbor's property every single evening seven days a week. This will cause untold stress of having our bedrooms and living rooms lit up impacting our sleep and day to day lives. Let alone degrading the neighborhood. I find it unbelievable that Gravesham Borough council are even considering this application, you only have to look and Gravesend town Centre and Perry Street to see the vast amounts of Take-away food outlets these only encourage anti social behavior, litter and the encouragement of obesity in children and adults. The fact this is even being looked at is absurd. There is a school and children's park only seconds away. This proposed McDonalds would be totally out of character of the residential area. On checking some of the application it states that Hours of Opening are Not relevant. To me and my neighbor's these will be extremely relevant, and we wish to know what is being proposed. A public meeting should be held to outline these proposals, I'm aware of over Four Hundred Objections for this eyesore for yet a Third McDonalds in Gravesend which will become an eyesore, increasing anti-social behavior, noise pollution due to all the moped delivery drivers in and out throughout the day and night. and the disruptions to the families that live opposite having their lives disrupted through lack of privacy, increased traffic, parking issues as there seems a total lack of car parking spaces available in the plans. Light and Noise pollution. Also in the proposed plans a shaded yellow area is highlighted stated they would solution the lighting once operational but proposed a Sensor light fitting that would be triggered by movement therefore this could be triggered not only be anyone walking past but by wildlife therefore create a constant disruption of light

constantly going on and off all night and causing a disruption to my sleep throughout the night. Gravesham Borough Council for once make the right decisions here.

Kind regards
