Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I Object to this planing application as

- 1 The increase in traffic from deliveries, meal deliveries, customers etc would amount to a danger to the public from a single entry site.
- 2 The resulting deterioration to air quality is not acceptable.
- 3 The danger to school children as this is a route to and from 3 schools. It is also a route for mothers and young children to and from the nearby park.
- 4 The impact on residents from noise, cooking smells, customers and their cars, food deliveries including meal deliveries and discarded waste food and containers.
- 5 Wrotham Rd is a major artery into and out of Gravesend and the resultant traffic would add considerably to a busy single lane road already with two traffic controlled main intersections.
- 6 Police in Gravesend are already overstretched coping with young people in Gravesend centre at night without the additional problems a second large McDonalds would have on the outskirts of town.
- 7 The surrounding roads would not have the parking capacity to cope with the additional parking that this restaurant would bring.
- 8 In times of youth obesity having a McDonalds on the route to and from home and local to three schools would be the wrong decision.
- 9 In conclusion this is the wrong solution in the wrong location for the problem of

what to do with the old Beef Eater on Wrothan Rd.

Kind regards
